G19 Premises Compliance Officers

HOW TO USE THIS MODEL TEMPLATE

The Corporate Health & Safety team has created this 'model template' example to show LCC employees which H&S information should be displayed on the H&S notice board at your site.

Links have been included to enable staff to access relevant posters for download/completion or order from ESPO.

- The "H&S Legislation" section is where you need to display H&S legal information, e.g. H&S law poster.
- The "Site-Specific H&S Info" section is where you need to display H&S information that is specific to your site/building, e.g. Fire Action and First Aid.
- The "H&S Bulletins/Alerts" section is where you need to display LCC H&S bulletins and alerts. Bulletins will need to be reviewed and updated from time to time (e.g. seasonally) to ensure they remain up-to-date and relevant.
