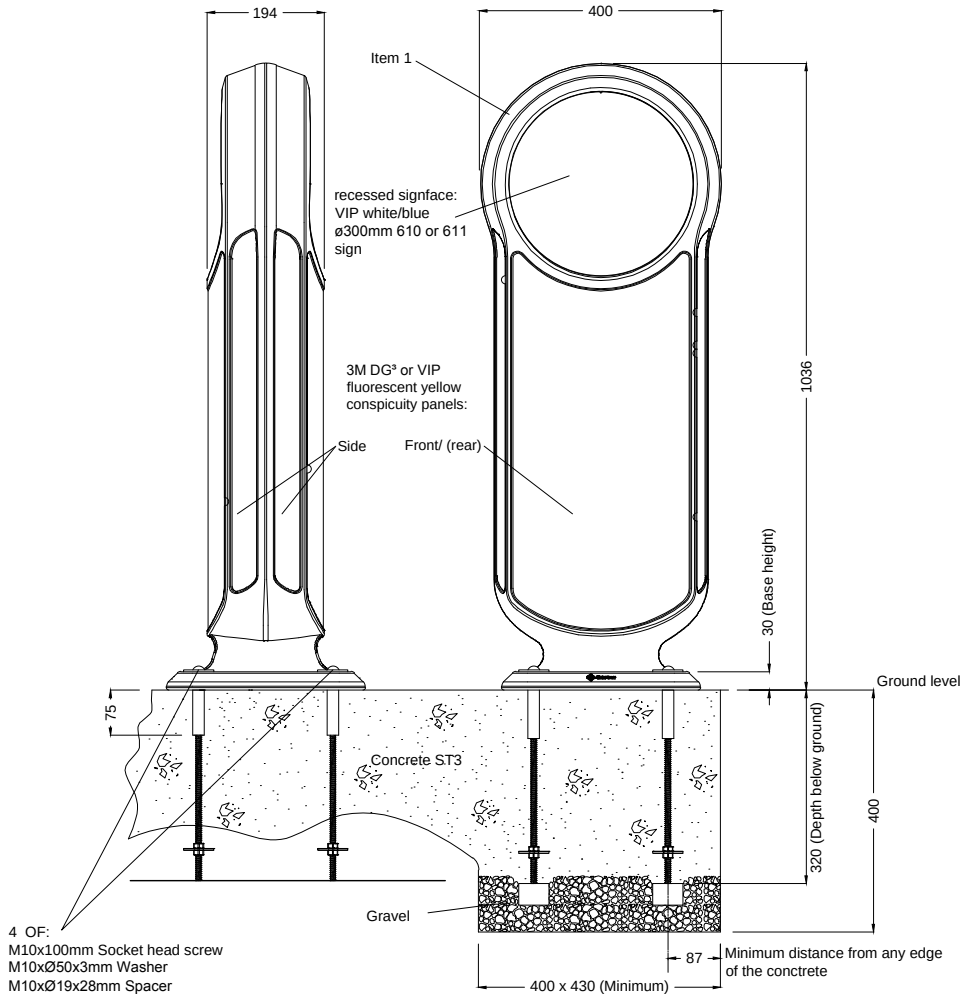
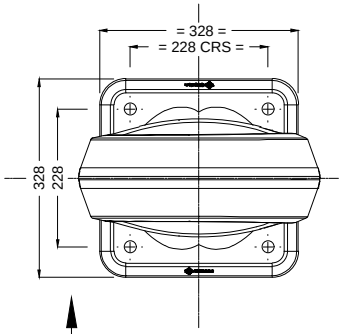
Self-righting non illuminated bollard



Side view Front view



Plan view

Concrete - in anchor fixing must be used

Notes

1. Screws/washers to be stainless steel, spacers to be rigid pvc.
2. White body - black may be specified in heritage/selected areas.
3. If restricted depth, anchor fixings may be cut down but increase width of excavation hole to allow same volume of concrete as shown with un-cut fixings.
4. Bollard must have 2 x conspicuity panels per site.
5. Alternative self righting bollard type may be considered upon application to overseeing authority.
