Liaise service in Lincolnshire

The Liaise service in Lincolnshire provides free, confidential and impartial information, advice and support to children and young people with special educational needs and disabilities (SEND) and their parents and carers. We aim to ensure that the views of children, young people and their families are heard and included in decision making, in order to achieve the best possible outcomes and help prepare for adulthood. We can assist in a number of ways including telephone information and advice, attendance at meetings and help with completing forms and writing letters.

To contact Liaise please call 0800 195 1635 or email liaise@lincolnshire.gov.uk

This booklet is aimed at parents and carers and was produced with the help of a parent's reference group, with representatives from across the country. It is one of a series produced for Information, Advice and Support Services nationally. It contains information based on national policies and procedures and is impartial.

Any words in bold are explained in the glossary booklet, also available from Liaise.

Any text written within a box is a direct quote from the SEND Code of Practice (2015). This is statutory guidance, which means that all those to whom it applies should follow it, unless they can demonstrate good reason not to.

You can find the SEND Code of Practice and the SEND guide for parents and carers at:

www.gov.uk/government/publications/send-code-of-practice-0-to-25

www.gov.uk/government/publications/send-guide-for-parents-carers

Further information can be found
on our website
www.lincolnshire.gov.uk/Liaise

Lincolnshire's Local Offer can
be found at:
www.lincolnshire.gov.uk/SENDlocaloffer

Age Weighted Pupil Unit (AWPU)

The AWPU is the amount of money that every maintained school receives for each pupil that is on the school roll, whether or not they have SEN. The value of the AWPU varies from one local authority to another and according to the age of the pupils. For primary age pupils the minimum is £2000 per year. For pupils in Key Stages 3 and 4 the minimum is £3000 per year.

Annual Review

Under the Children and Families Act 2014 local authorities must carry out a review of every EHC plan at least once every 12 months.

Children and Families Act 2014

This law came into force on 1st September 2014. Part 3 of the Act sets out the new law on special educational needs and disability. The Act is supported by the SEND Regulations 2014 and the SEND Code of Practice: 0-25 Years. You can download a copy of the Act at www.legislation.gov.uk/ukpga/2014/6/contents/enacted

Clinical Commissioning Group (CCG)

CCGs are groups of professionals that work together to commission health services, ensuring there is sufficient capacity contracted to deliver the necessary services to people.

Direct payment

A payment made directly to a parent or young person to purchase specific services. Under the Children and Families Act 2014 a Direct Payment may be made as part of a Personal Budget so that the parent or young person can buy certain services that are specified in their EHC plan.

Direct payments can only be used for provision provided on the school or college premises if the school or college agree.

4

Disagreement resolution

Local authorities must provide independent disagreement resolution to help parents and young people resolve disputes with local authorities, schools and other settings about SEND duties and provision.

You can find more information on disagreement resolution in the SEND Code of Practice 11.6 to 11.10.

Early Years Action/Action Plus

This describes the additional or different support for children with SEN given by early years settings under the previous (2001) SEN Code of Practice. This support was for children with SEN who did not have a Statement of Special Educational Need.

Education Funding Agency (EFA)

The EFA is the government agency that funds education for learners between the ages of 3 and 19, and those with learning difficulties and disabilities between the ages of 3 and 25.

The EFA allocates funds to local authorities, which then provide the funding for maintained schools. The EFA directly funds academies and free schools.

EHC Needs Assessment

Local authorities must carry out an EHC needs assessment if a child or young person may need an EHC plan. The assessment is a detailed look at the special educational needs that the child or young person has and what help he or she may need in order to learn.

It is sometimes called a statutory assessment.

You can find out more in the SEND Code of Practice sections 9.45 – 9.52.

Education Health and Care plan (EHC plan)

An EHC plan describes the special educational needs that a child or young person has and the help that they will be given to meet them. It also includes the health and care provision that is needed. It is a legal document written by the local authority and is used for children and young people who have high support needs.

First Tier Tribunal (SEN and disability)

The First-tier Tribunal (Special Educational Needs and Disability) is a legal body. The Tribunal hears appeals from parents of children with SEN, and young people with SEN, about EHC needs assessments and EHC plans.

You can find out more at www.gov.uk/special-educational-needs-disability-tribunal/overview

Graduated approach

The SEND Code of Practice says that schools should follow a graduated approach when providing SEN Support. This is based on a cycle of:

Assess - Plan - Do - Review

You can find out more about the graduated approach in the SEND Code of Practice sections 6.44 to 6.56.

Keyworker

Someone who provides children, young people and parents with a single point of contact to help make sure the support they receive is co-ordinated. A keyworker could be provided directly by a local authority or local health organisation, a school or college, or from a voluntary or private sector body.

Local authority / authorities

Local authorities are administrative offices that provide services within their local areas. There are 152 across England which are education authorities. For more information about local government, see www.gov.uk/understand-how-your-council-works/types-of-council

Local Offer

The Local Offer, published by every local authority, tells you what support is available for children and young people with special educational needs and/or disabilities, and their families. It includes information about education, health and care provision. It also gives information about training, employment and independent living for young people with special educational needs and/or disabilities.

Lincolnshire's Local Offer can be found at www.lincolnshire.gov.uk/SENDlocaloffer

Mainstream school

This is a school that provides education for all children, whether or not they have special educational needs or disabilities.

Mediation

Mediation is a type of disagreement resolution. Every local authority must provide independent mediation to help parents and young people resolve disputes with local authorities about:

- a decision not to carry out an EHC needs assessment
- a decision not to draw up an EHC plan
- the content of a final EHC plan or amended plan
- a decision not to amend an EHC plan
- a decision to cease to maintain an EHC plan.

Mediation must also be provided on the health and social care elements of an EHC plan.

You can find more information on mediation in the SEND Code of Practice 11.13 to 11.38.

Mediation advice

The purpose of mediation advice is to give information about what mediation involves. Parents or young people who wish to register an appeal with the First Tier Tribunal (SEN and Disability) must first seek mediation advice. The advice must be factual and unbiased. After mediation advice has been given the parent or young person can choose whether they wish to go to mediation.

However it is not necessary to seek mediation advice if the appeal is only about the name of the school, or college named on the plan, the type of provision specified in the plan or the fact that no school or other institution is named.

You can find more information on mediation advice in the SEND Code of Practice 11.21 to 11.25.

Must

The SEND Code of Practice says in Section i of the Introduction: ...where the text uses the word 'must' it refers to a statutory requirement under primary legislation, regulations or case law.

This means that wherever the term 'must' is used all the organisations listed in Section iv of the Introduction to the Code have a legal duty to do what the Code says.

Section 9.66 of the SEND Code of Practice says:

8

Outcome

An outcome can be defined as the benefit or difference made to an individual as a result of an intervention. It should be personal and not expressed from a service perspective; it should be something that those involved have control and influence over, and while it does not always have to be formal or accredited, it should be specific, measurable, achievable, realistic and time bound (SMART). When an outcome is focused on education or training, it will describe what the expected benefit will be to the individual as a result of the educational or training intervention provided.

Parent Carer Forum

A Parent Carer Forum is a representative local group of parents and carers of disabled children who work with local authorities, education, health and other providers to make sure the services they plan and deliver meet the needs of disabled children and families. They have been established in most local authority areas. For more information please visit: www.cafamily.org.uk/pcp/resources or www.nnpf.org.uk/

Personal Budget

A Personal Budget is money set aside to fund support as part of an Education, Health and Care plan (EHC plan) for a child or young person with special educational needs. It can include funds from Education, Health and Social Care.

Parents of children with an EHC plan and young people with an EHC plan can choose whether or not they wish to have a Personal Budget.

Reasonable adjustments

Reasonable adjustments are changes schools and other settings are required to make which could include: changes to physical features – for example, creating a ramp so that students can enter a classroom or providing extra support and aids (such as specialist teachers or equipment)

Schools Forum

Every local authority has a Schools Forum. It is made up of representatives from schools and academies, and some representation from other bodies, such as nursery and 14-19 education providers. The role of the Schools Forum includes looking at the local formula used to fund schools and SEN provision.

SEND Code of Practice

This is the statutory guidance that supports Part 3 of the Children and Families Act 2014. It tells local authorities, early years settings, schools, colleges, health and social care providers and others what they must and should do to identify, assess and provide for children and young people with SEN or disabilities. You can download a full copy of the Code at www.gov.uk/government/publications/send-code-of-practice-0-to-25

You can download a shorter version for parents at www.gov.uk/government/publications/send-guide-for-parents-and-carers

SEN Information Report

All schools must publish on their websites information about their policy and arrangements for supporting children with SEN. This must be kept up to date.

The information that has to be included can be found in Section 6.79 of the SEND Code of Practice.

SEN support

SEN support includes any help for children and young people with SEN that is additional to or different from the support generally made for other children of the same age.

The purpose of SEN support is to help children achieve the outcomes or learning objectives that have been set for them by the school. Schools should involve parents in this process. SEN support replaces Early Years Action/Action Plus and School Action/Action Plus.

SEND Tribunal

See First Tier Tribunal (SEN and disability)

SEND Pathfinder

SEND Pathfinders were set up in 2011 to test out the reforms the Government were proposing to introduce as part of the Children and Families Act 2014.

You can find more information about the SEND Pathfinders at www.sendpathfinder.co.uk

Should

Should is a word that occurs frequently in the SEND Code of Practice. Section i of the Introduction to the Code says:

... where the text uses the word 'should' it means that the guidance contained in this Code must be considered and that those who must have regard to it will be expected to explain any departure from it.

This means that wherever the term 'should' is used all the organisations listed in Section iv of the Introduction to the Code must consider what the Code says. However they may depart from it.

Signposting

Sometimes a service that provides information, advice and support may be asked for help that it is not able to give directly. When this happens the person seeking information, advice or support may be signposted to other service providers. This means that they will be given information, including contact details, about other sources of help.

Special Educational Needs Co-ordinator (SENCO)

A SENCO is a qualified teacher in a school or maintained nursery school who has responsibility for co-ordinating SEN provision.

Early years settings that are part of group provision arrangements are expected to identify an individual to perform the role of SENCO.

Statutory guidance

Statutory guidance is guidance that local authorities and other local bodies have a legal duty to follow.

A transfer review replaces the annual review in the academic year that the child or young person transfers to the new SEND system.

Liase booklets in the series are:

The Local Offer

SEND Support in Mainstream Schools

Funding for SEND Support in mainstream schools

Education, Health and Care Needs assessment for children in early years settings or at school

Education, Health and Care Plans

Personal Budgets for SEND

What do we mean by impartial information, advice and support

What if I do not agree with decisions about SEN provision?
