Working with parents to enable them to provide the best support to their children and understand their needs, is crucial to ensuring a successful whole team approach to SEND.

We can help schools to achieve this by offering the following:

- Developing parents' understanding of literacy and maths difficulties
- Advice on strategies to support at home
- Transition support
- Drop-in advice sessions/attendance at coffee mornings
- Parent workshops
- Attendance at meetings
- Mediation and liaison support

In addition to the above, we are happy to offer bespoke training packages for teachers and teaching assistants, based on a school's individual needs.
