Suppliers that have been accepted onto the Council's Open Select List will receive an individual placement referral form from the Customer setting out the needs of the child for whom a placement is required.</p> <p>4.2.3. The Supplier must decide if they can offer a placement that meets the child's needs and respond to the referral by submitting their bid in accordance with the mini-tender process. The Supplier should also notify the Customer if they are unable to offer a placement and the reason why.</p> <p>4.2.4. If no suitable bids are received a wider market search may be conducted with other suppliers.</p> <p>4.2.5. Once the deadline for submission has passed, bids shall be evaluated according to the weightings specified in the children and young person placement profile and all bidders will then be informed of the outcome.</p> <p>4.2.6. The Customer and the successful Supplier will work together to plan the admission to the home in compliance with the Care Planning Placement and Case Review (England) Regulations 2010 and the Customer's internal procedures. The subsequent Agreement between the successful Supplier and the Customer will be set out in the Individual Placement Agreement (IPA).</p> <p>4.2.7. Throughout the introductory visit(s) and initial phase of residence after admission, the Supplier must monitor the child's adjustment to their new surroundings, including their relationship with their new carers and other children in the home.</p> <p>4.2.11. When considering a placement for a Child with Disabilities, the Supplier and the Customer will jointly assess whether there is a need for specific support, equipment or adaptations and will agree arrangements for the provision and ongoing maintenance of those items.</p>
<p>4.3.</p>	<p><u>Service Detail</u></p> <p>4.3.1. The Supplier shall provide high quality, compliant, independent foster care provision with an excellent standard of care and professionalism, meeting all the standards set out by the relevant regulatory body (Ofsted) and in accordance with the child or young person's IPA.</p> <p>4.3.2. The Supplier will adopt a respectful, strengths-based approach with creative, flexible and confident carers, using trauma-informed practice models and working in partnership with the Customer's frontline practitioners.</p> <p>4.3.3. Whilst the child is in placement, the Supplier will work collaboratively with all key workers to assist with the implementation of the Children in Care Care Plan, including as applicable</p>

the Pathway Plan, Health Plan, Education, Health and Care plan, and Personal Education Plan as provided by the Customer. The Supplier shall also contribute to the Customer's graduated response to meeting the needs of children with special educational needs.

- 4.3.4. The Supplier will have robust systems in place to monitor children's needs, in partnership with others as appropriate, addressing any changes in their needs and will use this to inform the Customer's monitoring tools, such as the Valuing Care toolkit. The Supplier will participate in and supply written progress reports, court statements and assessments on individual children for planning meetings, safeguarding meetings, review meetings and court proceedings as required.
- 4.3.5. At all times, the Supplier will ensure that the service and care decisions are centred on meeting the assessed needs of the child, seeking to value and promote the identity of the child as well as improving their well-being, life chances and potential in line with Lincolnshire County Council's Children's Services principles.
- 4.3.6. The Supplier is responsible for ensuring that, through their foster carer(s), the child has access to health services including general practice, dental care and optical care; that they receive a balanced diet and take part in regular exercise; and that as they grow older, they have access to health information that enables them to make informed lifestyle choices. The Supplier must advise the Customer of any difficulty in accessing health services on behalf of a child in placement without delay and must have robust systems in place to access local services, including emergency services.
- 4.3.7. As the child grows older the Supplier must ensure that they receive support and advice that helps them to prepare for adult life. This will include ensuring that they have access to advice on further education, employment and independent living options; and that they have been helped to develop independent living skills.
- 4.3.8. Where the child has Special Education Needs and/or a Disability, including complex learning difficulties and/or physical disabilities, the Supplier will take account of the aptitudes, abilities and interests of the individual child and work to the SEND reforms detailed in the Children and Families Act 2014 and the SEND Code of Practice 2015. Targets and expectations should always be stretching and aspiring, seeking to add value to children's experiences and outcomes and to close the gap of disadvantage and disproportionate poor outcomes and achievements for Children in Care.
- 4.3.9. Where the child is an Unaccompanied Asylum-Seeking Child (UASC), the Supplier must support and assist the Customer in fulfilling the duties outlined in the statutory guidance for local authorities 'Care of unaccompanied migrant children and child victims of modern slavery (2017)'. This includes:
- Assessing any particular psychological or emotional impact of experiences as an unaccompanied child or child victim of modern slavery.
 - Assessing the UASC's needs in relation to their health, disability, education, religious persuasion, racial origin, and cultural and linguistic background.
 - Assessing the UASC's language skills and ensuring appropriately trained interpreters are utilised.
 - Keeping UASC safe in their setting and putting in place methods for UASC to stay in touch with friends or family where applicable.
 - Ensuring Staff are aware of the particular risks of UASC going missing, the potential risks to UASC from those who may wish to exploit them and practical steps to take in the event of UASC going missing.
 - Ensuring Staff and Carers are fully aware of the child's past experiences and any psychological issues they face as well as understanding cultural issues, which may put them at greater risk of going missing.
- 4.3.10. The Supplier will ensure that children are supported to have meaningful contact with siblings, parents and relatives, as and where specified in the child's Care Plan.

	<p>4.3.11. The Supplier will facilitate children’s attendance and participation at local consultation, engagement, participation and advocacy forums.</p> <p>4.3.12. The Supplier will work with the Customer and other key professionals, including adult services, to ensure that the child’s needs are being met as effectively as possible, as they approach adulthood.</p> <p>4.3.13. The Supplier and the Customer will work together to ensure that children and young people are able to remain in their placement until they return to their families, move to a permanent placement, or leave care. The Supplier may not move a child or young person to another Foster Carer within its own group of Foster Carers without the agreement of the Customer, and the creation of a new IPA.</p>
4.4.	<p><u>Service User Exit/Transition from the Service</u></p> <p>4.4.1. Children will be supported to transition from the service by both the Customer and the Supplier as per their individual care plans. This may be to another Supplier, to alternative placements, a return home or to live semi or fully independently.</p> <p>4.4.2. The Supplier shall not withdraw the service from a child, either temporarily or permanently, for any reason, without the prior agreement of the Customer. Evictions or exclusions should only occur in exceptional circumstances and should follow an agreed collaborative policy, as per the contract terms and conditions. Where a placement has irrevocably broken down, the Supplier and Customer shall work together to continue to provide support to the child until alternative suitable provision can be identified and accessed.</p> <p>4.4.3. Where children remain in the Foster Care home beyond the age of 16 the Supplier will work with the Customer to ensure that they are prepared and supported to move on from the foster placement. The Children’s and Families Act 2014 determined that Local Authorities obliged to offer Staying Put arrangements should not be prevented from offering such an arrangement due to an Independent Fostering Agency blocking this provision. The Supplier should neither prevent a Staying Put arrangement nor expect an arrangement fee should the child remain in the Foster Care home under Staying Put. In these cases, the Customer and Supplier will work together to agree on the best course of action for the individual child.</p>
4.5.	<p><u>Key Interdependencies or Partnerships with other Services</u></p> <p>4.5.1. The Supplier shall work with key stakeholders identified in the individual’s care plan to achieve the best outcomes for children in placement, and work collaboratively with the Customer’s Social Care and Commissioning team to ensure that they continue to provide good quality, robust and compliant placements.</p> <p>4.5.2. A wide range of other professionals may be involved in the care of the child and this may include, but is not exhaustive to, schools and colleges, GPs, other health service providers, other relevant services commissioned by the Customer, voluntary organisations, the Customer’s Children’s and Adults Social Care or SEND Teams, Children’s Centres, and other Customer’s children’s services and adult services (where appropriate), children and young people themselves and their parent/carers where appropriate.</p>
4.6.	<p><u>Location of Service and Hours of Operation</u></p> <p><u>Location of Service</u></p>

	<p>4.6.1. The Customer will aim to place Lincolnshire children in Lincolnshire wherever possible and appropriate, so that a holistic support package can be created for those children and young people in their own communities and as close as possible to their existing support networks.</p> <p>4.6.2. Where a placement is made with a Supplier outside of Lincolnshire, this will be located as close to Lincolnshire as possible whilst best meeting the child's needs.</p> <p><u>Hours of Operation</u></p> <p>4.6.3. The Supplier shall provide the home environment for the child and, as such, the service will be in operation 24 hours a day, 7 days a week and 365 days of the year although it is expected that children will attend education during term times. The number of direct hours of support will be based on need as detailed in the IPA, and all support packages shall be reviewed by the Supplier and the Customer within two weeks of the placement commencing and then on an on-going basis as required.</p>
4.7.	<p><u>Staffing</u></p> <p>4.7.1. The Supplier shall recruit, prepare, assess, train, supervise and review foster carers to ensure they are confident and able to meet the needs of children placed with them.</p> <p>4.7.2. The Supplier shall ensure that there is an on-going programme of training and development for foster carers that meets the Fostering Services Regulations (England) 2011 and the requirements of the Children's Workforce Development Council's Standards for Foster Carers (including any successor to its functions), and monitors take up. The Supplier must ensure that its foster carers have the understanding, skill and resilience required to meet the needs of children placed in their care.</p> <p>4.7.3. Suitably qualified, registered and competent staff are to be employed to exercise management oversight for all staff working directly with children. A formal recorded supervision should take place, preferably monthly but a minimum of bi-monthly where there are no concerns.</p> <p>4.7.4. The Supplier shall also consider the training and support needs of others living in the foster home, including the children of Foster Carers.</p> <p>4.7.5. The Supplier will take measures to recruit Foster Carers from diverse backgrounds to meet the needs of children requiring placements. The Supplier must ensure that it has a fostering panel that is constituted in accordance with the 2011 Regulations and carries out all the functions required of it.</p>
4.8.	<p><u>Resources</u></p> <p><u>Resources to be provided by the Customer</u></p> <p>4.8.1. In addition to resources identified within the contractual terms and conditions, the Customer shall supply the following resources to support the Supplier to fulfil the requirements of the Service:</p> <ul style="list-style-type: none"> • Ensure that a written referral, with all relevant information available at that time, is provided to the Supplier. • Provide a copy of the child's Children in Care Care Plan and/or Education Health and Care Plan.

- Make a referral to the leaving care service as and where appropriate to the age and needs of the young person.

Resources to be provided by the Supplier

4.8.4. Although statutory responsibility for the child and for monitoring their individual progress ultimately rests with the Customer (and will be exercised through the child's social worker, educational psychologist where applicable, and statutory review procedures), the Supplier will, however, be responsible for the delivery of the service and day to day monitoring of the child's well-being and progress as defined in the child's Children in Care Care Plan, and where appropriate Individual Education Plan and/ or Personal Education Plan. Together with the Customer, the Supplier will also be responsible for the upkeep of such documentation and will be able to demonstrate robust audit and review processes around all documentation concerning the child.

4.8.5. The Supplier will ensure each foster carer has a suitably trained Supervising Social Worker (SSW) to ensure that they are fully supported. This worker will ensure that children and foster carers are safeguarded and that foster carers meet the requirements laid out in fostering legislation.

4.8.7. For all placements planned to be over 38 weeks, the Supplier shall ensure children are taken on an annual holiday that is equivalent to 14 days per year, and appropriate to their identified needs, at no additional cost to the Customer. Such a holiday is to be taken outside of the school term, unless for exceptional reasons which should be referred to the Social Worker for written approval.

4.8.8. The Supplier shall have an assessment, risk management and client matching policy and framework to ensure children do not present a risk to each other and that the Supplier can ensure that placing children together, or in close proximity, does not increase their vulnerability.

4.8.9. The Supplier will have a duty of care for all children from the time they are collected or received by the Supplier until the children are returned to the care of the Customer or person with parental responsibility.

4.8.10. Where a child leaves the home (i.e. to return home or to move into independent living), arrangements may be made to ensure their transition is successful by considering ongoing contact between the child and the Supplier. Any arrangements will be agreed with the child's Social Worker and the child and will be reviewed via the statutory review processes to decide if contact is still required.

4.8.11. Where a Supplier accepts a referral for an Unaccompanied Asylum-Seeking Child(ren) (UASC), they shall strive to deliver a service that is appropriate for UASC from all ethnic,

	<p>religious and cultural backgrounds.
