SECTION N1: Monitoring and Intervention Policy

N1.1 The LA's approach to monitoring and intervention for finance

The LA has a pro-active approach to monitoring and intervention. The aim is to identify schools with financial problems before they overspend, so that appropriate action can be taken. History has shown that the vast majority of schools with financial problems can be identified through this process, and the Council's Schools Business Support Service (SBSS) finance support meetings. Concerns are occasionally highlighted by schools themselves, the School Improvement Service or Internal Audit.

N1.2 The Policy

The up to date policy is available on Perspective Live via the following file path:
